This is a great week to spend learning and relearning what you need to know for a lifetime of enjoyment with horses. Each camper is assigned their own horse for the week to ride, learn on and love. Classroom training includes all aspects of horses from feeding, grooming, tacking, cleaning hooves, learning parts of equipment, colors and parts of horse and responsibility of horse involvement. **Plus**, Child campers enjoy games, crafts and making new friends - Adult campers will finish the week with a trail ride to one of the local Lakes.

The only competition is with one's self as each rider will learn to work together for a safer ride. This is great preparation for future equestrians.
